

2024 Academic Year Four-year Academia Cooperative Degree

Overseas Youth Vocational Training Program (OYVTP)

Admission Prospectus

School	Minghsin University of Science and Technology		
Program	Department of Computer Science and Information Engineering Smart Manufacturing Engineering		
Program Abbreviation	Smart Manufacturing Engineering		
Program Description	<p>The objective of this program is to cultivate intelligent manufacturing engineers who can address the challenges faced by the manufacturing industry, such as customization, small-scale production, and frequent changes. This program heavily incorporates information technology into the manufacturing process, integrating big data, machine learning, and artificial intelligence to optimize production equipment and maintain the competitiveness of the manufacturing industry.</p>		
Chinese Language Courses (online or on-campus courses)	Chinese Language Teaching Center (Or Chinese Remedial Teaching)		
Professional and Technical Training Courses (including internship subjects)	<p>A. Common Course</p> <ol style="list-style-type: none"> 1. Chinese Pinyin & Pronunciation Practice 2. Chinese Listening 3. Chinese Daily Speaking 4. Chinese Reading 5. Chinese Writing 6. Chinese tutoring 7. Chinese Literature 8. Chinese Culture 9. Classified General Education 10. Physical Education 11. Ethics for Engineers 12. Technology English 13. Advanced Chinese Tutoring 	<p>B. Professional Course</p> <ol style="list-style-type: none"> 1. Introduction to Computer Science 2. Introduction to Semiconductor Industry 3. Introduction to Smart Manufacturing 4. Introduction to Internet of Things 5. Introduction to Artificial Intelligence 6. Introduction to Database Systems 7. Application of Office Software 	<p>C. Practical Courses</p> <ol style="list-style-type: none"> 1. Internship Practical Training 2. Electrical Machinery 3. Practice of Mechatronics 4. App Programming 5. Automatic Control 6. IoT Programming 7. IoT Safety Technology 8. Depth Learning 9. Multimedia Application 10. Practical Programmable Control

		8. Workplace Internship Safety and Professional Ethics 9. Introduction to Digital Circuits 10. Introduction to Semiconductor Processes 11. Introduction to Mechatronics Integration 12. Introduction to Mechanical Manufacturing 13. Trends in Information Technology Applications	11. Electronic Packaging Processes 12. Application of Programming 13. Machine-to-Machine Communication and Smart Manufacturing <u>During the second to the fourth academic year, Internship Practical Training will be 26 hours of internship per week, Internship allowance is TWD 17,300 per month.</u>
Work-study During Semester	<ul style="list-style-type: none"> ● Students who wish to work in Taiwan (either on campus or off campus) are required to apply for and obtain a work permit before starting a job. With the exception of the winter and summer vacations, students' sum of working hours shall not exceed 20 hours per week. 		
Employment Counseling	<ol style="list-style-type: none"> 1. Job search website for overseas compatriots: https://Talents.Taiwan-World.net 2. To assist overseas compatriots in getting loans from banks to establish their new enterprises and expand their businesses, the Taiwan Overseas Credit Guarantee Fund provides a credit guarantee service. 3. Suitable job positions after graduation: <ul style="list-style-type: none"> ➤ Manufacturing Engineer ➤ Manufacturing Technician ➤ Technician/Quality Control Technician ➤ Process IPQC Audit Technician ➤ Process Engineer ➤ Intelligent Manufacturing Engineer 		
Further Education After Graduation	<ul style="list-style-type: none"> ● After completing their undergraduate studies, students can continue their education and obtain a master's degree. ● Student is allowed to continue their studies in our international partner 		

universities. Course credit waiver regulation might vary among the partner universities.

Scholarships and Financial Aids

- A. The Overseas Community Affairs Council provides the following grants and subsidies:
1. First-year tuition grant: each new student will be granted TWD20,000 per semester during the first academic year.
 2. Excellence Conduct and Academic Performance Scholarship: Available for those with excellent academic performance. Those who have obtained certificates and competition awards will be awarded TWD6,000 per person per academic year.
 3. Airport pick-up subsidy for new students.
 4. Medical Insurance for Overseas Compatriot Students (6 months): A total of TWD 600 will be subsidized (before students enroll in the National Health Insurance Program).
 5. Healthcare: Every student is required to enroll in the National Health Insurance Program and pay the insurance premiums. Students who have proof of economic hardship (or financial difficulty document) are subsidized 50 % of the insurance premiums. (Current monthly subsidy is TWD 413.)
 6. Work-study subsidy and economic hardship scholarship: TWD2,500 per month for students who are offered work-study opportunities.
 7. Emergency Aid: Provided on a case-by-case basis.
- B. Scholarship and subsidies provided by the University:
1. Tuition and Miscellaneous Fees: The University subsidizes TWD 20,000 per semester.
 2. Accommodation Fees: Free for the First semester. Students only need to pay TWD 1,000 for dormitory deposit (Refundable upon check-out).and TWD 3,900 for water, electricity, and cleaning fees in the first semester.

Tuition and Fees (TWD)
